

4-PART SERIES

Developing Authentic & Affirming Queer Sexual Ethics

TUESDAYS APRIL 1-22, 6:30PM ADMISSION FREE

Room 106 | the Montrose Center, 401 Branard Street, Houston, TX 77006

What would be different in your life if you felt clear and spiritually affirmed about your body, pleasure, sex, your sex practices and sexual choices? Sex-negative religious attitudes have infused dominant cultural messaging for ages, insisting that sexuality is counter to our spirituality - not just for queer folk, but for everyone! In this 4-session interactive workshop series we explore what a sexuality-affirming, spirituality-honoring sex life could look like.
